Growth Area Infrastructure Contribution

This parcel is in an area added to the Urban Growth Boundary after 2005.

It may be subject to the Growth Area Infrastructure Contribution.

For more information about this contribution go to [Victorian Planning Authority](#)

The map displays the Melbourne Strategic Assessment Area with various lots and roads. The proposed rail alignment is shown as a red dashed line passing through lot 24. The alignment starts near lot 22 and ends near lot 26. The roads shown are RIVELLA CIRCUIT, CONGO DRIVE, and VIBE ROAD. A scale bar indicates a distance of 0 to 25 meters.

Designated Bushfire Prone Areas

This parcel is not in a designated bushfire prone area.
No special bushfire construction requirements apply. Planning provisions may apply.

Where part of the property is mapped as BPA, if no part of the building envelope or footprint falls within the BPA area, the BPA construction requirements do not apply.

Note: the relevant building surveyor determines the need for compliance with the bushfire construction requirements.

Designated BPA are determined by the Minister for Planning following a detailed review process. The Building Regulations 2018, through adoption of the Building Code of Australia, apply bushfire protection standards for building works in designated BPA.

Designated BPA maps can be viewed on VicPlan at <https://mapshare.vic.gov.au/vicplan/> or at the relevant local council.

Create a BPA definition plan in [VicPlan](#) to measure the BPA.

Information for lot owners building in the BPA is available at <https://www.planning.vic.gov.au>.

Further information about the building control system and building in bushfire prone areas can be found on the Victorian Building Authority website <https://www.vba.vic.gov.au>. Copies of the Building Act and Building Regulations are available from <http://www.legislation.vic.gov.au>. For Planning Scheme Provisions in bushfire areas visit <https://www.planning.vic.gov.au>.
